David King begins first week as Marshall Center director

David A. King begins his first week as the Marshall Center's 10th director Monday. He succeeds Art Stephenson, who will support Dr. Adena Loston, NASA associate administrator for education. King, 41, came to the Marshall Center last November to serve as deputy director, after serving as director of Shuttle Processing at Kennedy Space Center in Florida. For complete biographical information on King, go to www.msfc.nasa.gov/BIOS/kingda.html.

Back injury prevention is SHE focus in June. For details, see "Inside Marshall"

AIAA Joint Propulsion Conference, July 20-23. Deadline for registration July 1. Call Chris Robinson, 544-1422

Gen. Roy D. Bridges named Langley Center director

Retired Air Force Maj. Gen. Roy D. Bridges, a former Space Shuttle pilot, has been named director of NASA's Langley Research Center in Hampton, Va., effective Aug. 10. "Roy's experience as an aviator and his work to advance aerospace technology made him a natural selection to lead the Agency's premiere center for aviation and space research," said Bill Readdy, NASA associate administrator for Space Flight. Bridges will leave his position as director of Kennedy Space Center. Kennedy Deputy Director Jim Kennedy will serve as its acting director. He is a former deputy director of the Marshall Center.
